Our Mission

The mission of Athletes Helping Athletes, Inc. is to connect special needs athletes with mainstream student-athletes in a spirit of friendship for their mutual benefit and inspiration.

We believe that a world of greater acceptance for all can begin with our children, sharing athletic experiences and a love for sport while developing compassion and mutual respect.

A world of greater acceptance for all can begin with our children.

As you all know, this year has been difficult for many. This transition has likewise been difficult for many of our athletes with special needs, as their access to school, athletics, and social opportunities nearly disappeared overnight. We hope that this year will be different. In order to ensure that important organizations weather the impact of COVID and our AHA family has access to meaningful opportunities; we sincerely hope to continue our tradition of donating over \$56,000 to local organizations that support athletes with special needs. We can only do this with your support. Please consider helping us again this year, so that we can continue to help others.

ABOUT US

Athletes Helping Athletes, Inc. exists to better the life of the special needs athlete. Since our founding in 2002, we have raised hundreds of thousands of dollars for various charities and organizations through our sponsored events, individual team fundraisers and in-kind donations.

AHA, Inc. is extremely grateful for the volunteers, the generosity and the compassion shown to our special needs community. We are amazed at the energy, the passion, and the innovative ideas that each and every school has put into their individual fundraising efforts, plus their individual Honorary Captain Program.

We may have started this endeavor with the goal of teaching our high-school children that it is better to give than to receive; but, in fact, it is through the actions, eyes and smiles of all of the student-athletes who have truly fueled our hearts with the love to continue our quest.
